### Artwork Images

Two images are required for each piece of artwork. The thumbnail image should be cropped to 150 pixels by 150 pixels at a resolution of 96 dpi. The thumbnails are used to display the artwork in the various galleries the site maintains. By clicking on a thumbnail, the viewer is taken to a page where a larger image is displayed along with the title and details of the work (see below). All thumbnails should be in a separate file entitled "small".

The full image of the artwork should be 400 pixels in width at a resolution of 96 dpi. All full images should be in a separate file entitled "large". File names of thumbnails and full images should be the same.

If you have difficulties in getting your images in the correct format, simply include the full size images in JPEG format and we will assist in the processing.

For questions or assistance in collecting images of your artwork, please feel free to contact the webmaster: [webmaster@HaverhillArtAssociation.org](mailto:webmaster@HaverhillArtAssociation.org)
